

Protekt® Heavy Duty Bariatric Rollator

The **Protekt® Bariatric Rollator** provides stability and independence for larger individuals. The frame is constructed with extra strength reinforced steel and has large reinforced forks. The 8" wheels provide improved maneuverability and safety. Equipped with easy-to-operate ergonomic hand brakes, a removable padded backrest and a water-resistant nylon pouch. Easily folds for storage and transport with built-in fold strap. Supports patient weights up to 500 pounds.
