VIVE LIGHTWEIGHT TRANSPORT WHEELCHAIR

MOB1108BLU

This Vive Lightweight Transport Wheelchair is designed for effortless mobility, weighing only 23 pounds to ensure easy storage, transport, and maneuvering. Its durable steel frame provides stability while allowing caregivers to navigate smoothly in various environments. The wheelchair comes fully assembled, and ready for immediate use right out of the box—no tools or complex setup required. With a seat that is 2 inches wider than most models, along with padded armrests, it offers superior comfort for extended use. Versatile features like foldable hand brakes and an adjustable footplate provide customized support, making this wheelchair ideal for users who need occasional assistance and offering peace of mind with its 300-pound weight capacity.
